Adibatla

is touted as the next IT hub as several IT and companies from other sectors are setting up offices here. Adibatla is a part of the Information Technology Investment Region (ITIR) project wherein various industrial parks, IT spaces and Special Economic Zones (SEZs) are proposed to be developed across the city.

Another group, Samuha Engineering Industries Limited (SEIL), has been allotted 200 acre along with 100 acre Special Economic Zone and 100 acre non- Special Economic Zone spaces. The proposed GE and Tata Group ventures for manufacturing CFM International LEAP engine components will be coming up in Adibatla. The Danish Group DESMI, providing pump solutions for marine and offshore applications. South India's first gold refinery plant will come up in Telangana in an exclusive Special Economic Zone (SEZ) to be set up at Kongara Kalan village in Ibrahimpatnam mandal of Rangareddy district.
